NOTICE OF TECHNICAL CONFERENCE

(October 29, 2004)

Take notice that the Federal Energy Regulatory Commission will host a technical conference on Tuesday, January 6, 2005 to discuss specific transmission proposals and cost issues for the State of Connecticut. The workshop will be held in Room 2C of the Legislative Office Building, 300 Capitol Avenue, Hartford, Connecticut. The workshop is scheduled to begin at 9:00 a.m. and end at approximately 3:00 p.m. (Eastern time). The Commissioners will attend and participate.

This meeting is a follow-up to the infrastructure conference that was held on October 13, 2004. The goal of the technical conference is to provide a forum for discussion of issues affecting energy infrastructure in and around Connecticut. This discussion will take place between federal, state and regional leaders and industry representatives. The January 6 conference will focus primarily on proposals for new electric transmission, and the costs of these proposals. An agenda is forthcoming.

The conference is a technical discussion between policy leaders, which members of the public are welcome to attend. Registration is not required; however, in-person attendees are asked to register for the conference on-line by close of business on Friday, January 2, 2005 at <http://www.ferc.gov/whats-new/registration/infra-0106-form.asp>.

Transcripts of the conference will be immediately available from Ace Reporting Company (202-347-3700 or 1-800-336-6646) for a fee. They will be available for the public on the Commission's eLibrary system seven calendar days after FERC receives the transcript. Additionally, Capitol Connection offers the opportunity for remote listening of the conference via Real Audio or a Phone Bridge Connection for a fee. Persons interested in making arrangements should contact David Reininger or Julia Morelli at the Capitol Connection (703-993-3100) as soon as possible or visit the Capitol Connection website at <http://www.capitolconnection.org> and click on "FERC."
